

## Are you thinking of ways to fund a start-up or current business?

At TCF Capital, we've got an option where you can use your pre-tax retirement to kickstart your business – it's called a Rollover, or as some call it, a ROBS (Rollover for Business Startup). The best part? No need to stress about taxes or early withdrawal fees. And guess what? Funding options like SBA Loans can be combined with the ROBS program.

*Rollover Business Funding comes with good benefits, just saying!*

### DOES YOUR CANDIDATE QUALIFY?

*Here are some helpful questions to ask when discussing the 401(k) Rollover option with candidates.*

1. Do you have at least \$50,000 in pre-tax retirement funds in a 401(k), IRA, Pension, 403b, 457, TSP or an Annuity?
2. Are your retirement funds from a Prior employer?
3. Would you be interested in speaking with our 401k/IRA Rollover expert about this non debt option?

If you have any questions regarding 401(k)/IRA type funding options, please let us know. We are here to help!
